

# ***Self-propelled gondola with Petrol engine designed for transporting supermarket and airport trolleys and rubbish containers.***

- Capacity: 22 - 33 trolleys according to model.
- Soon pays for itself due to its low price.
- Does the work of 2 people.
- Prevents accidents and injuries caused by heavy efforts.
- Eliminates snaking in lines of trolleys and associated risks.
- Can be made to various lengths and heights according to customer needs and trolleys.
- Eliminates strain.
- Can be adapted to other types of work to order.
- Length and width similar to a car.
- Climbs slopes of up to 10%
- Mounts small kerbs, pavements and humps.
- Easy to load on lines of trolleys without strain.

## **A simple effortless way of transporting**

## TECHNICAL SPECIFICATIONS

- Playsercar brand.
- Solid puncture-proof low profile wheels.
- Petrol engine. 9HP. 4 stroke.
- Lead free petrol.
- Turn key start.
- Easy to use.
- Low noise output.
- Electronic horometer.
- Flashing light.
- Emergency stop system.
- Horn.
- Audible warning device.
- Automatic brake system when not operated by driver.
- Grounds unsuitable for heavy vehicles.
- Speed limiting device.
- RAL 5017 blue.
- 1 year guarantee parts wear excluded.
- CEE Certificates.
